

Blossoming Flower

Design & Diagrams by Gerwin Sturm (2005/10/05)

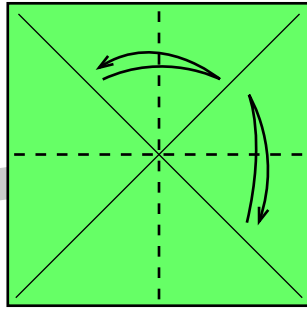

A 15cm square of standard Origami paper (Kami) or not too thick Duo-Kraft paper works nicely for this model.
Colour-wise the combinations white-green or yellow-green give very nice results.

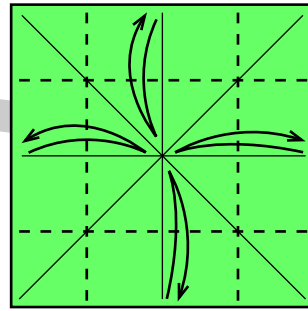

A 15cm square will give a flower about 5cm x 5cm in size.

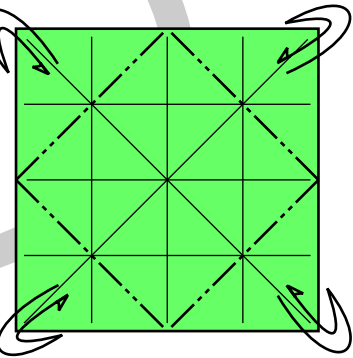

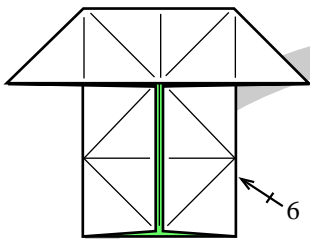

1. Fold and unfold the diagonals.

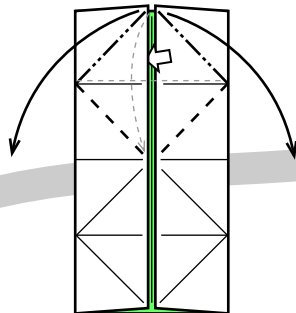

2. Fold and unfold in half both ways.

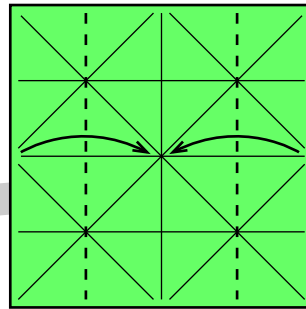

3. Fold and unfold the sides to the middle.

4. Fold and unfold the corners to the centre. (Mountain folds)

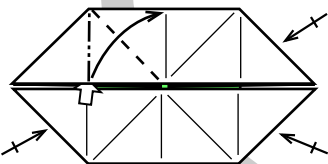

6. Fold the two corners outwards and flatten.

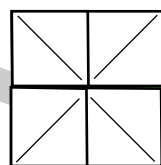

5. Fold the sides to the middle.

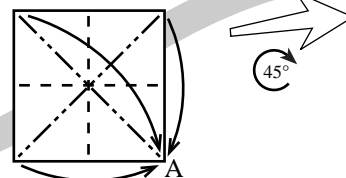

7. Repeat step 6 at the bottom.

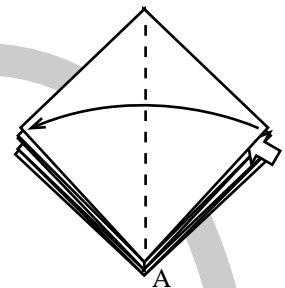

8. Squash fold the four corner flaps.

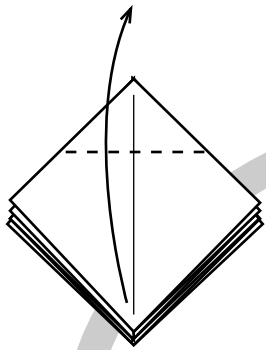

9. Turn over.

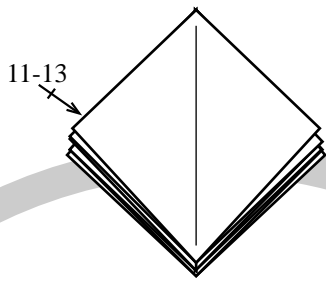

10. Preliminary base.

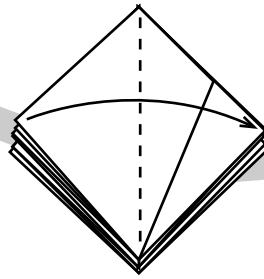

11. Fold one flap to the left.

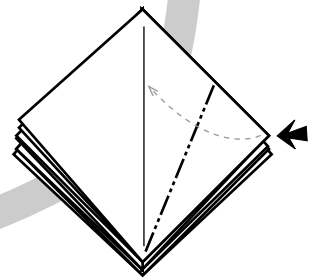

15. Fold one point up as far as possible.

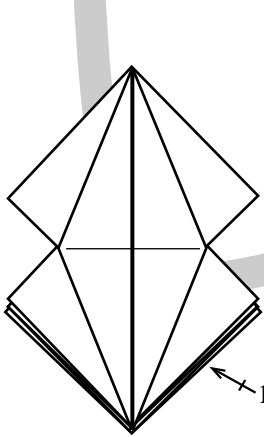

14. Repeat steps 11-13 on the left.

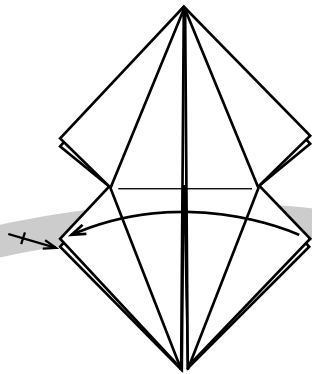

13. Fold one flap back to the right.

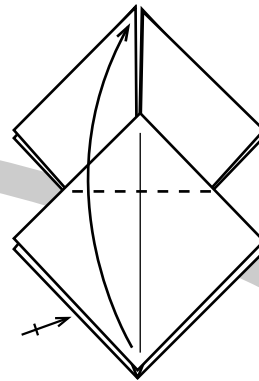

12. Reverse fold the corner to the middle.

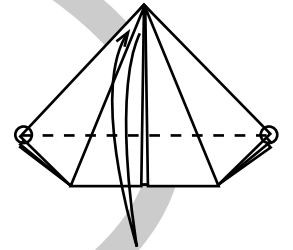

16. Repeat steps 11-15 behind.

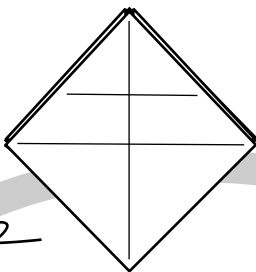

17. Fold two flaps to the left on the front, and two flaps the other way at the back, so that the layers stay equally distributed.

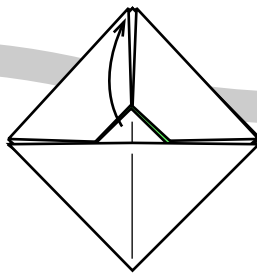

18. Fold the point up as far as possible. Repeat behind.

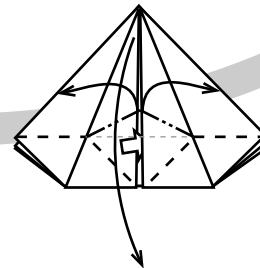

19. Fold an unfold. The crease should start exactly at the corners.

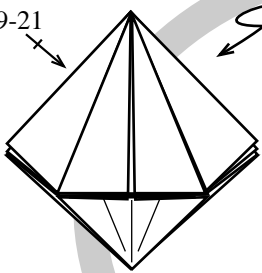

22. Turn over.

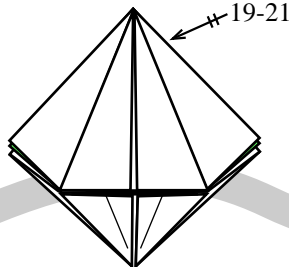

21. Pull out the corner.

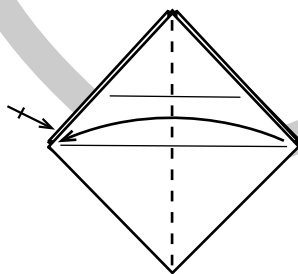

20. Fold the point down while opening out the middle layers.

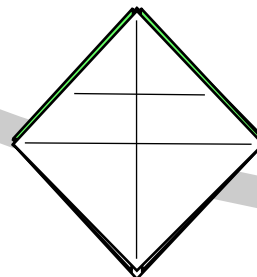

23. Repeat steps 19-21 on this side.

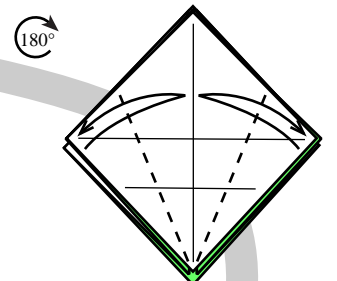

25. Repeat steps 19-21 on the front and at the back.

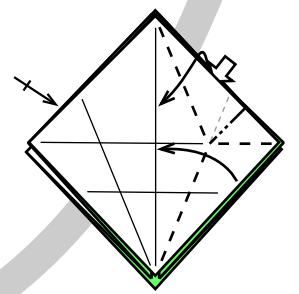

24. Fold one flap to the left on the front, and one flap at the back in the other direction.

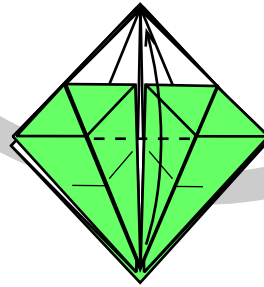

26. Rotate upside down.

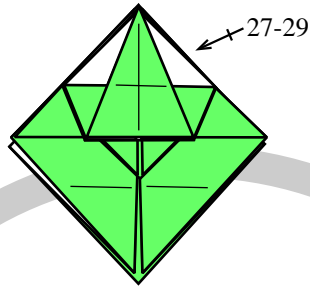

27. Fold and unfold the sides to the middle.

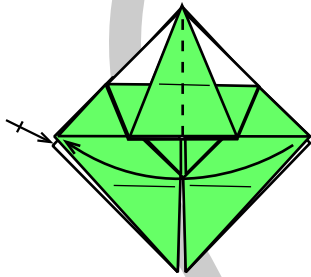

28. Fold the sides to the middle forming a rabbit ear. Repeat on the left.

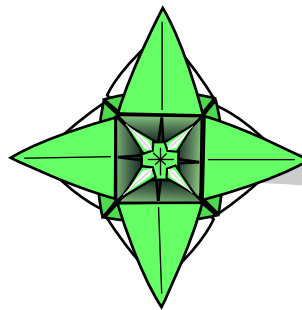

29. Fold the point up as far as possible.

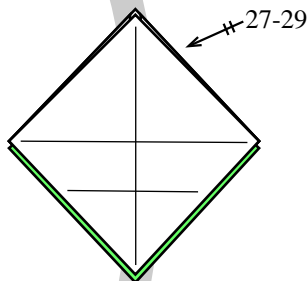

30. Repeat steps 27-29 behind.

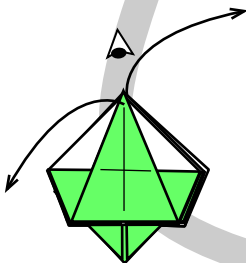

31. Fold one flap to the left on the front, and one flap at the back in the other direction.

32. Repeat steps 27-29 on the front and at the back.

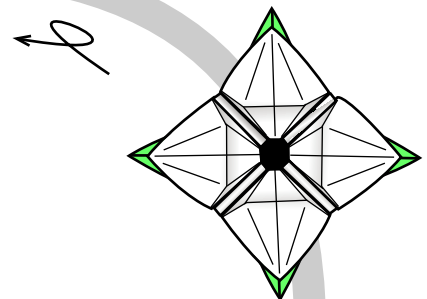

33. Open out two leaves (one white, one green) to the front. Repeat behind. Next view from above.

34. Hold the model together on the left and pull out the third set of leaves on the right.

35. Carefully open between the leaves and pull out the last set of leaves.

36. The finished model. Turn it over to see the very nice backside.
